Summer 2013

Teaching and Engagement Department Quarterly Report

Summer 2013

I. Major Accomplishments

A. Strategic Milestones

1. TED librarians developed two U-Engage courses. Goal 2.1 - Develop new curricular offerings that expand our educational impact.
   a. Finding Bigfoot (Margaret Mellinger).
   b. Think Like a Scholar (Uta Hussong-Christian and Hannah Gascho Rempel, with Tiah Edmunson-Morton).
2. LibGuides went live; no one died. Goal 1.2: Build a discovery experience that delivers content immediately and establishes the subject or discipline-specific contexts for information.
   a. Hannah Gascho Rempel coordinated the implementation process.
   b. TED librarians converted and created many LibGuides in preparation for Fall term.
3. TED's Professional Development Team planned and successfully implemented the Instruction Round-Up event. Goal 4.1 Build skills, competencies, and abilities across the OSU Libraries and Press.
   a. The Professional Development Team (Stefanie Buck, Margaret Mellinger and Valery King) came up with the idea to improve the delivery teaching-focused professional development, planned the event, recruited speakers and conducted assessments.
   b. Four TED librarians volunteered to provide the content for the event.
4. The Makerspace Exploration group identified campus partners. Goal 2.3: Initiate campus conversations to embed our expertise across the University’s curriculum and enrich OSU's educational mission and the student experience.
5. Autzen classroom upgrade proposal. Uta Hussong-Christian and Stefanie Buck developed a successful proposal to upgrade equipment in the Autzen classroom to improve visibility. Goal 1.3 Redesign Physical Space

B. Major Accomplishments

Laurie Bridges and Uta Hussong-Christian submitted completed dossiers to apply for Promotion and Tenure.

Success Stories

C. Reference/ Learning Commons (VK/VH/KS)

1. Statistics

Statistics reported here were collected during the regular term, June 24 through September 6, 2013. Intersession statistics are not included.

Reference questions during summer terms are all received at the Information Desk. This is different from the regular school year, when chat reference is handled by TED librarians at their own desks during the business day, and Information Desk staff generally only answer chat evenings and weekends. This coverage change is due to the lower number of questions received at both “desks” during summer. Therefore, questions recorded in both Desk activity and Chat/email tabs in Desk Tracker have been combined for this quarter.

The total number of questions recorded this summer was 2,205, 1,216 of which were coded as “reference” or 55% of total questions received. Last summer we recorded 2,773 questions, so our activity decreased by 20%.

Email questions total 49, which is actually higher than the 44 recorded Spring term (which was in turn higher than Winter). Email service appears to be picking up, although it seems too early to identify it as a trend.

Patron type is dominated, as always, by students (1,093 out of 1,775, or 61.5%) although the percentage is lower than Spring term. This is understandable, as more community members and researchers pick summer to come do their research.

Answerland Annual Statistics: Our librarian participation in the statewide virtual reference service was suspended over the summer except for occasional email questions, but our students continued to use this service when our chat service was offline. Numbers are for the period of Sept. 1, 2012-Aug. 31, 2013:

- Questions answered by OSUL librarians: 135
- Questions asked by OSUL patrons: 275

Compared to the same period a year previously, these numbers are down significantly (last year, OSU librarians answered 212 questions and our patrons asked 435). However, because of a change to a new website, Answerland has been having problems with statistics. I am therefore not completely confident in the current 2012-13 numbers.
